# Regulin: Research Matters!

Regulin has become the 'go to' input for early joinings, but what do we know from research about its potential Return on Investment (ROI) for commercial sheep enterprises?

This half-day seminar hosted by CSU Wagga will present the results of the latest research from Australia and Europe and is not to be missed.

## PRESENTERS

**Prof. Bruce Allworth & Dr. Lydia Nicholson**  
(Charles Sturt University)  
*Regulin and the ram effect in composite sheep*

**Prof. Simon deGraaf**  
(University of Sydney)  
*Effects of Regulin on testicular function in rams*

**Ms. Megan Tscharke**  
(University of Adelaide)  
*Mitigating heat stress in pregnant ewes*

**Dr. Federico Randi**  
(Ceva Animal Health Global Technical Manager)  
*Potential uses and benefits of Regulin from Ceva's European research partners*

**PLUS Q & A panel with RUSS DAVIS**

## DETAILS

**ON:** Wednesday 16 OCTOBER 2024
